HOW TO SPOT 10/10 BADDIES

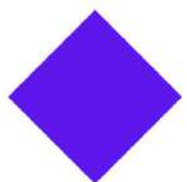

HOW DOES THIS WORK...

First of all you gotta understand what are the main factors to determine a 10/10 BADDIE..

We have total 10 factors. Each of the factors will give min 0 and max 1 point to THE SUBJECT.

And it completely depends on THE OBSERVER what points to give them... Well but he/she also would need to allot them RATINGS in completely DEATCHED MIND... Any sort of BS could destroy integrity of the system...

THE FACTORS

FACIAL STRUCTURE

HAIRS

HAIRSTYLE

PERSONALITY

BODY SHAPE

PHYSIQUE

BREAST

SKIN

ASS

CAPABILITIES

****It should be noted that these factors and how they appeal can vary from person to person.. In short they are SUBJECTIVE!!

IMPORTANT NOTES....

- ✦ While rating someone you need his/her body's min 80% part exposed.....
- ✦ Make up or anything else which can improve aesthetics can be misleading and that subject should not be rated..
- ✦ Any living human cannot exceed more than 6.5/10 on this rating system bcz perfection in this world is not possible...

FINALIZATION

- ★ Now you can categories them using this table..
- ★ But before that, If a SUBJECT can score perfect 10/10 he/she can be rated by an additional factor called PERSONAL BIAS(yea bro the one who puts them above 10 is none other than you)... However this factor is exclusive to 10/10 ones....

0-3	Regular ones
3.1-6	Average Stars(adult ones included too)
6.1-6.9	Top ones in the world and its almost impossible to not masturbate to them
7-7.9	This level can be only attained in fiction
8-9.9	IDK if someone can get here but if he/she does thats ABSOLUTE CINEMA
10	THIS IS SOMONE YOU CAN CALL 10/10 BADDIE
10+	This system does allow exceptional ones that transcends this mere rating factors and fall into the "GOD TIER" category...

**And our system ends here if you enjoyed this you can repeat this system on anyone whom you find eligible....All the OF MODELS are eligible btw... ifykyk
